Student accommodation **2025 entry**

Our halls of residence

Studying in a city like London is an unbeatable experience. It's even better when you know you're living somewhere convenient, safe and a ordable.

Students in our halls of residence benefit from:

- A great location most of our halls are within walking distance of the campus, and the remainder are less than 30 minutes away
- Having all electricity, water and heating bills included, as well as basic possessions insurance
- Wifi access
- Residence Experience Coordinators who organise student-led social activities to help you get to know people when you arrive and during your studies

We have a range of options, with halls priced very competitively in comparison to other local London universities.

Inside you'll find details of the accommodation and rent costs for 2025 entry. You can explore lots more – including image galleries and virtual tours – on our website.

Other housing options

Of course, living in halls is only one option for accommodation. There is a range of alternative housing available – whether you decide to make use of it straight away, or in later years. And the good news is that the areas around Goldsmiths are on the more a ordable scale of London housing, with many rental opportunities available.

As a Goldsmiths student, you'll have access to the experts at University of London Housing Services (ULHS), who assist and support students looking for and living in private accommodation. Visit **housing.london.ac.uk** to find out more.

Support for everyone

Regardless of what you choose, you can benefit from our Campus Support O icers, who work hard to ensure that – whether you're living in halls, at home or renting privately – there is someone on hand to speak to if ever you need guidance or a friendly chat.

Take a look around the halls at: explore.gold/halls
